9:09:50 PM		got question, if I have an offline wallet
9:10:00 PM		which do not belong to me, but I have it with all passes, is it traceable?
11:55:07 AM		ok I will keep searching, I have first hand source for databses just no power to send it all
10:13:01 AM	Hi. All good <ss type="wink">)</ss> What offline wallet means? Do not understand <ss type="sad">:(</ss>	
10:13:22 AM		with bitcoin you can have them online and offline right?
10:13:29 AM		like online wallet and offline wallet?
10:14:14 AM	Online <ss type="smile">)</ss>	
10:16:21 AM		my friend introduced me a bit to it, and told me , you can store your money online or keep it on your hdd or usb
10:16:35 AM		and you have login/pass to each , both are anonymous right?
10:17:16 AM	You better ask your friend more. Cause we work online with online version	
10:17:56 AM		ok but this is not the main point of my question, each wallet has its login and pass, but its not assignet to a specific person right?
10:18:10 AM	Yes	
10:18:13 AM		so if I take your login and pass, and change you password, then you cannot use this wallet anymore right?
10:18:18 AM	You must have KYC	
10:18:27 AM	Yes <ss type="smile">)</ss>	
10:18:30 AM		you can only see the wallet that its online but you cannot do anything with it
10:19:23 AM		so if I take your login and pass, and withdraw / sell the coins to someone, can you trace me ?
10:19:30 AM		find out who buyer was or seller?
10:21:37 AM	Actually yes, it is possible	
10:22:09 AM		that is good in one way, and not good in a way with my last question<ss type="laugh">:D</ss>
10:24:39 AM		if I had certain amount of coins, that do not belongs to me, but the owner no longer has pass to it, I have pass ... how would you advice me to cash them?
10:30:41 AM		(this is not a theoretical question only;>)
11:09:22 AM	Go to exchange and sell it	
11:10:07 AM		but as I wrote it, these are not mine, I just "accidently" have login/pass to it
11:10:20 AM		so owner only see his wallet, but he cannot do anything with it anymore
11:12:14 AM		can you help with such deal for a % ?
11:13:21 AM	How much btc there?	
11:13:37 AM		<ss type="smile">)</ss>
11:13:39 AM		800
11:14:15 AM	You can transfer them?

11:15:13 AM		I can do anything with them, as it was my wallet, you follow me?
11:15:15 AM		i'm just afraid
11:15:20 AM		the owner, when he will see their gone
11:15:23 AM		might start to investigate
11:15:51 AM	How much you pay us ? <ss type="smile">:)</ss>	
11:16:44 AM		this is a point to discussion, as this is my "magician" trophy , I just told him I will find a way to cash it<ss type="smile">:)</ss>
11:17:04 AM		is there a way to make it as smooth and anonymous as possible?
11:17:09 AM	I will put it clean on your bank account	
11:17:40 AM		this is what i'm most afraid of...if it was pure cash then no clues...if bank account, i'm afraid it will leave a trace after me
11:20:05 AM	In Russia I can make cash easy. Not sure it is possible in Poland)) Have to ask friends. It is the one time business only?	
11:20:19 AM		<ss type="laugh">:D</ss>
11:20:33 AM		if we make it good one time, we can work out some more probably
11:20:53 AM	Anyway. We can cash it in Russia and send to you from Europe bank as a payment for anything	
11:21:25 AM		that sounds like good sollution, I have bank account in Montenegro wchich is also quite confidential, I guess even more than Switzerland
11:22:02 AM	I have friends who do all these banks operations	
11:22:49 AM		what would be exchange rate for such operation and how much would you expect to get for it?
11:24:16 AM	It is stealed money. Stealed money costs 50%	
11:24:55 AM		50% of market value you mean or you want 50% out of it?
11:26:47 AM	I do not put interest there. My friends will do it and give me some % for that. Actually I think they will do it even for 40% of sum. Cause in my opinion it is easier then usual bank robberies <ss type="laugh">:D</ss> if it will be regular the price can be cheaper.	
11:28:05 AM		so if today 1coin is 946\$ then we will get around 60% of this rate ?
11:28:13 AM	Yes	
11:28:40 AM	You will get 60% to you bank account from eu company	
11:29:14 AM		I will ask magician and confirm you soon, afterall it was all his job<ss type="laugh">:D</ss>
11:29:51 AM	I would like if he can do that things regularly <ss type="smile">:)</ss>

11:30:49 AM		I don;t know if he did it by accident or intentionally, but as far as I remember, he found it by accident and changed the pass
11:30:53 AM		<ss type="laugh">:D</ss>
